

Easy Drain Care Products, LLC (EDCP) is a global leader in the development, manufacture and distribution of state-of-the-art health care products. These unique care devices are ideal for use in: Hospitals, nursing homes, medical facilities, clinics and even private homes.

Some of the feedback we received on our innovative medical devices:

“I call Easy Drain’s bed, a “Miracle Bed.” It has made my job as a health care provider so much easier. Caring for my patient is simpler, faster and much more hygienic for them and me.” - **Jane D.**, Home Health Aid

“I love my Easy Drain bed! I don’t have to worry about having any more accidents as I lay and rest from my prolonged illness. I think my nurse is rather happy with the bed too.” - **Sally B**, Patient

Care Products of the Future Are Here, Today!

Easy Drain Care Products' flagship health product is its Easy Drain unit (Mattress and Bed), which provides comfort and care for bed-ridden patients. These patients may face a number of incontinence and other health-related issues due to prolonged bed use.

Our unique Easy Drain unit is ideal for patients who experience long-term bed rest and for medical staff who care for these patients.
